NÖRR STIEFENHOFER LUTZ

We have five offices in Germany (Berlin, Dresden, Düsseldorf, Frankfurt/Main, Munich) and seven in Central and Eastern Europe (Bratislava, Bucharest, Budapest, Kiev, Moscow, Prague, Warsaw). Professionals in our representative office in New York liaise with clients, law firms and investment banks in the United States.

We are specialists: leading experts in many legal areas and branches of industry (e.g. automotive, banking & finance, chemical, insurance, energy & renewables, life science, retail, private equity, TMT) deliver tailor-made, solution-oriented advice based on our industry know-how. Small teams of specialists and a low leverage serve to ensure that client matters are dealt with personally by partners. We are recognized as one of the leading law firms in the media and entertainment business in Germany. We are international: our own offices in nine jurisdictions and reliable best friends among other law firms especially in London and New York as well as our exclusive German membership in Lex Mundi, the largest global network of independent law firms, form the backbone of our legal services with an international perspective. Competence in Central and Eastern Europe: we were among the first Western firms to establish offices in Central and Eastern Europe; our Prague and Budapest offices opened in 1990, Warsaw in 92, Moscow in 94. Since then we have grown to a leading law firm in all countries. We continuously increased the early lead through experience and networking in industry, politics and administration. Today our clients include not only foreign investors, but increasingly domestic enterprises.
